PROFILE

Passionate and detail-oriented Full-Stack Developer with expertise in HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Node.js, MongoDB, and Tailwind CSS. Skilled in building dynamic, scalable, and user-friendly web applications with a strong focus on performance and responsiveness. Experienced in both front-end and back-end development, database management, and API integration. Constantly learning and adapting to new technologies to create efficient and innovative solutions.

WORK EXPERIENCE

Full-Stack Developer (Freelancer)

Self-Employed | 2024 – Present

- Developed multiple full-stack e-commerce websites using Next.js, Sanity, MongoDB, and Tailwind CSS.
- Built a Learning Management System (LMS) with authentication, course management, and user dashboards.
- Designed dynamic and responsive UIs for various projects using React.js and TypeScript.
- Integrated payment gateways, database management, and authentication systems.
- Worked on multiple small projects, including dashboards, utilities, and mini web apps.
